

"...many adults have high levels of toxic chemicals in their bodies because of synthetic ingredients in many mass-market personal care products." —CDC

SKIN CARE AS *Fresh as the Morning Dew!*

IF YOU ARE COMMITTED TO AN ORGANIC LIFESTYLE, then you will typically have a higher level of knowledge regarding organic products and processes. As a result, you will appreciate the time and effort that Lily puts into the development of her products. That attention to healthful product formulation is indicated on every product with Lily's signature promising "no synthetic chemicals—ever!" How important is such a promise?

The U.S. Centers for Disease Control & Prevention in Atlanta says that "many adults have high levels of toxic chemicals in their bodies because of synthetic ingredients in many mass-market personal care products."

Lily, the founder of Lily Organics and author of the

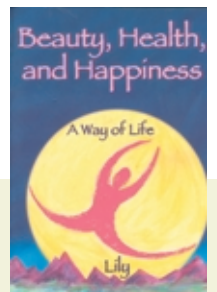

"It's insane, but making them up fresh on our own organic farm every week is why we can say Lily Organics is the finest skin care on the planet." —Lily

If one of your priorities is avoiding consumption of chemicals through your skin, then you will want to know about Lily Organics skin care products.

book, *Beauty, Health, and Happiness—A Way of Life*, has traveled the world and spent over 30 years developing these proprietary formulas that are not available anywhere else! It is incredible to see a company that was founded over 20 years ago still run by the formulator and founder. That's dedication and it is why the quality is so superior.

While most companies' idea of quality is compromised by the influence of bottom line shareholder considerations or by the private labeler that makes their products for them, Lily Organics is still a grass-roots company providing quality that can only come from a devotion to making their products fresh and handcrafted every week on Lily's own organic farm! Additionally, full-sized products are packaged only in glass.

You can start treating your skin in the most healthful way possible today by trying Lily's products for yourself. Ask for Lily Organics products at Wild Oats, Whole Foods, Vitamin Cottage, Sunflowers Market and many other quality natural food stores and spas to give your skin the dew fresh look and feel that you want.

RESOURCES

Ask for Lily Organics and Lily's book at your favorite natural food store.

To learn more about synthetic chemicals in skin care visit Lily's website at www.lilyorganics.com or call (800) 333-lily (5459) or (303) 455-4194.
